BATHROOM SERIES

COMPANY INTRODUCTION

Quality is the basis of an enterprise , while service is the soul of the brand. We adopt the sale idea of "Customer Credit" and Promise "Door to Door Service for life, two Year free Charge guarantee ". There is perfect before, on- and after-service center in any Sale Branch, you will get the satisfactory reply and enjoy our qualified service. We hope you are happy after buying and enjoy our products. Kadelg adopt the idea that "good quality, share together", we are now struggling for create national brand in the sanitary line and write the story for the resplendence history of China ceramic development.

Easy Design Daily Comfort

To Show concision. legerity and beauty
of their strure in the orm of lines.
designers need to annex his torical details
to cultural lingering charm

The managing principle of an enterprise is the chief key to the success of
a sanitary ware enterprise.under the unique principle"guiding to markets,
satisfying consumers",in such a period of building up brands,we provide
customers with creative,first-class and all-round services,and instead of
price war,we considervalue war as our market strategy.

一个生产企业的成功，关键在于其企业经营理念的成功。以市场为导向，满足消费者需求，是我们遵循的唯一法则，目前正处于创建品牌的阶段，我们在满足客户的创新、优质和周到的服务需求的同时，坚持不打价格战，只打价值战的市场策略。

Pulse solenoid toilet Without water tank

UF Seat cover

Designer There's always a style that warms your heart

PULSE SOLENOID TANKLESS TOILETS

• Pulse Solenoid flushing system

Upper flushing pipeline (cleaning the inside of toilet)

Down flushing pipeline (To flush objects from the toilet out of the sewer)

Inlet pipeline (water pressure between 0.1 and 0.15MPa)

Flushing pressurization device (instead of gravity flushing water with traditional water storage tank)

The principle of large pipe inlet diversion, small pipe outlet and circuit control is used to achieve the purpose of simplification and environment protection

A-376A : S-trap

B-376B : P-trap

Focus on service

By adopting the world first-class high pressure molding equipment, the comprehensive production efficiency has been increased by 4 times. By utilizing the digit control tunnel kiln, the firing temperature is strictly controlled over 1200 degree, which ensuring the water absorption rate of each product below 0.2%; the inspection of toilet pan is more strict. Each toilet is not only being tested on appearance, fixing, flushing and PP/PE sewage function, but also has to pass the rigorous water leak test.

With excellent product style, stable product quality and remarkable product value, Kadelg sanitary ware always meets the high class demands of customers all over the world in the field of bathroom.
